Description:

Review

"Delivered like a chat over a glass of lemonade, *Remarkable Trees of Virginia* features fascinating and informative stories about Virginia trees and the people who love them. It includes stunning photography coupled with easily read text divided into categories such as 'champion trees,' 'historic trees,' and, my favorite, 'tree places.' It brims with the 'wow' factor the authors so aptly describe, and it will have you taking a closer look at the trees and tree habitats around you.

(Michelle Robbins, Editor *American Forests*)

" *Remarkable Trees of Virginia* is not only a remarkable but a spectacular book of Virginia's natural and cultural tree heritage. The engaging prose, full of wit and wisdom, weaves intriguing threads of history from well-known and often little-known facts, anecdotes, and legends. If you are a Virginian, this book is a 'must own,' opening a whole new window to the state's human history and natural forest endowment. If you are from elsewhere, this beautifully produced book will enthrall you and set a standard to emulate.

(Stanwyn G. Shetler, Curator of Botany Emeritus, Smithsonian Institution)

About the Author

Nancy Ross Hugo is a lecturer and outdoor writer whose articles have appeared in *Horticulture*, *Fine Gardening*, *American Forests*, *Virginia Forests*, *Country Journal*, and other publications. She was a columnist for the *Richmond Times-Dispatch* and *Virginia Wildlife*. She is the author of a book of collected essays, *Earth Works: Readings for Backyard Gardeners* (Virginia). Jeff Kirwan is Extension Specialist and Professor in the Department of Forestry at Virginia Tech. He serves on the state advisory committees for Project Learning Tree and the Master Naturalist Program. Robert Llewellyn has been photographing Virginia for over thirty years. His previous books include *Empires in the Forest: Jamestown and the Beginning of America*, created with writer Avery Chenoweth, which won five national awards in nonfiction and photography, and *Albemarle: A Story of Landscape and American Identity*.
